

ACTIVE

Superior flexibility for people on the move.

Contemporary life speeds up.
Active offers Stretch fabrics with Lycra®
that combines elegance and practicality
for functional garments with an everyday charm,
ideal for the most dynamic professionals.

ZIGNONE

On busy days. On a business trip. Comfort and style when things get hectic.

Active is the most dynamic collection from Lanificio Zignone. In a fast-moving world, these fabrics deliver maximum elasticity thanks to the addition of Lycra® in the wool yarns. With Active clothing avoids wrinkles, maintains wool's softness and stays looking great even after hours of wear. Designed to follow our every move, they are the perfect fit for those who travel regularly for work and who want to always look impeccable.

TECHNICAL FEATURES

STRETCH WITH LYCRA®

Adding Lycra® in wool yarns gives fabrics unparalleled flexibility. Fabrics stretch out and naturally adapt to the body's movements without losing its visual or tactile pleasantness.

ANTI-CREASE

The unique design of the yarns guarantees better resistance to wrinkles caused by twisting and pressure. As a result, garments quickly revert to a perfect appearance.

TRAVEL

Active fabrics are perfect for those demanding style and comfort when travelling or on days with many transfers because of their functional features.

ACTIVE

Full traceability guaranteed by Zignone

Our Green Trace symbol guarantees end-to-end product traceability, providing clients with complete supply chain mapping.

Available for retail: labels, clothing tags, storytelling material for showcases.
